

THOMPSON IS NEW HEAD OF TEXAS H. & I. D.

LOCAL MAN PROMINENT IN
ASSOCIATION

Tulia Man Elected to Board of
Directors in Organi-
zation

T. C. Thompson was elected president of the Texas Hardware and Implement Dealers Association at the close of the association's annual convention in Houston, last Thursday.

Mr. Thompson has been an active member of the association for 20 years. He has been an officer and director of the organization for the past 10 years. Five years ago he was elected vice-president, but failed to be elected to the presidency of the association the following year because of serious illness which prevented his doing the active work required by that office. At the annual convention last year he was again elected vice-president.

As president of the state organization, Mr. Thompson succeeds S. L. Randlett of Lancaster.

Besides his connection with the state association, Mr. Thompson was very instrumental in the organization of a similar association in the Panhandle. He was a charter member of the Panhandle Hardware and Implement Dealers Association and has been a guiding force in that organization since it was founded nearly 20 years ago.

The new head of the Texas Hardware and Dealers has been a resident of the Panhandle since 1892. He moved to Canyon in 1897, and went into business for himself as a dealer in notions and confections.

He was employed by the Oldham Hardware company from 1898 until 1901, when he connected himself with the Donohoo-Ware Hardware company. In 1903 he became associated with the Canyon Hardware company, with which organization he remained until 1907, when he accepted a position as the first traveling salesman for the Morrow-Thomas Hardware company in Amarillo.

In 1906 the Thompson Hardware company was organized and Mr. Thompson has headed the local company since. It has been through his personality and excellent business management that the Canyon firm has advanced until it has received national recognition among hardware men.

Other officers elected for 1930 were: J. H. Ewing, Robston, vice-president; Dan Scoates, College Station, secretary and treasurer. H. H. Tracy, Tulia, was named one of the directors of the association.

Mr. and Mrs. Thompson are on an extended visit to points in South Texas and are not expected back in Canyon for several days yet.

Pipe Organ at Baptist Church Ready Feb. 10

Following the arrival of the necessary materials, work has been resumed on the erection and electrifying of the pipe organ at the First Baptist church.

The organ, a donation from the First Baptist church in Amarillo, and the money for the removal and remodeling of it a gift from Lindsay Nunn of Amarillo, is expected to be ready for use about February 10.

New parts had to be ordered from the factory before the installation here could be completed and the organ remodeled. This has incurred a delay of several weeks.

J. L. Prichard Announces for Tax Assessor

To the Voters of Randall County: In making my announcement, I wish to say I walked into Randall county in 1890 and have made it my home since.

Have watched our progress and contributed to it in every way possible. Am proud of Randall county and its people and if you will elect me your tax assessor in the July primary, I hereby promise to do my dead level best to make you a good and efficient officer.

Soliciting your influence and vote and assuring my appreciation to everyone who can see fit to assist me, I am,

Very truly,
J. L. PRICHARD

Heads State Dealers

Canyon Men Attend Dimmitt C. of C. Meeting

President J. A. Hill, Wallace Clark, Coach Claude Reeds, R. A. Terrell, and W. H. Upchurch, county agent, represented Canyon at the annual meeting and banquet of the Dimmitt Chamber of Commerce, Tuesday night.

President Hill was particularly impressed with the fine community spirit evidenced at Dimmitt, and with the part which ex-students of the College are playing in the development of the new territory.

Among people well known in Canyon who are now a part of Dimmitt's life are Betty Rose Kerr, Cone, Ray Sherry and many others. Carl Kemp, Ethel Womble, O. D. Dinwiddie, Frank Brown, Buck Selling cars, dealing in groceries, teaching, the implement business.

"I wish all the people of Canyon would get together in a great community meeting like this one I have just seen at Dimmitt," said President Hill. "If we could do this we would all be more interested in the problems of our town, and would understand each other better. I understand that we have many things to attend in Canyon, but we need to get together as one family occasionally, and the coming meeting of the Chamber of Commerce on February 11 would be a good time. My trip to Dimmitt makes me hope that there will be 200 at our next meeting in Canyon."

J. E. Hill of Amarillo, president of the Panhandle Lumber company and newly appointed member of the Teachers College board of regents, was principal speaker at the Dimmitt meeting.

Representatives of the Chamber of Commerce at Dimmitt were invited to attend the meeting here in February.

Only One City Water Meter Lost During Cold Spell

Despite the fact that a number of Panhandle towns experienced frozen water mains, during the sub-zero weather of the past few weeks, the Water Department of the city lost only one water meter as a result of the cold.

Harvey Cash, city secretary, states that not a single water main was frozen. Preparations for such severe cold spells were made in early winter, when the city bought sacks and packed each meter with them. Mr. Cash feels that the city has been more than repaid for the extra trouble and expense entailed in the packing of the meters, as just one meter was burst by the freeze.

A number of private water lines leading from the city mains were frozen and water users were without water for several days.

MRS. E. H. PORTER ATTENDS FUNERAL OF GRANDMOTHER

Mr. and Mrs. E. H. Porter were called to Silverton early this morning because of the death of Mrs. Porter's grandmother, Mrs. King, who died there last night. Funeral services are to be held at Silverton.

Former College Student Died in Austin Tuesday

Word was received in Canyon Wednesday afternoon that Elizabeth Reck Boatright, wife of Mody C. Boatright, had died at Austin, Tuesday afternoon.

Both Mr. and Mrs. Boatright are graduates of the College and Mr. Boatright had been a member of the faculty of Sul Ross State Teachers College.

Both Mr. and Mrs. Boatright were students at the University of Texas during the past year.

Winter Term District Court Closed Tuesday

The case of A. J. Walker vs. Clem Frimmel necessitated the continuance of the winter term of the forty-seventh district court, Saturday. The case was in regard to the settlement of a dissolved partnership between the two men. Considerable time was required on the case during the latter part of last week and the early part of this week. On Tuesday it was found necessary to continue the case until such time when all parties might find it convenient to meet again. It is expected that the case will be resumed within the next few weeks.

The case of J. B. Beard vs. W. P. Hedgecock et al was settled by agreement between the plaintiff and defendant.

J. T. Burnett was granted a judgment in his suit against the heirs of C. E. Foree, last Thursday.

A judgment favoring the plaintiff in the case of the Gaut Development Co. vs. J. V. Gilham and H. H. Gilham was granted by the court Friday. The suit for divorce of Gertrude Mayo against J. Barnes Mayo was dismissed through failure of either party in the case to appear in court at the time set for trial.

In the case of the Gaut Development company vs. W. F. Harris, the plaintiffs were granted a judgment in their favor. The suit of L. T. Lester vs. D. N. Redburn was continued until the next term of court.

The case of C. L. Smith and J. W. Green vs. R. E. Baird et al, in which cross action was filed by J. M. Redfearn, tried in the early part of this term of court, was reversed this week and continued until next term of court, owing to an alleged misconduct of the jurors.

Whitfield Boy Gets Leg Injured In Feed Grinder

Edwin Whitfield, son of Mr. and Mrs. W. E. Whitfield, suffered a very severe accident Saturday morning when his leg became entangled in the power belt of a feed grinder. The accident occurred at the boy's home three miles southwest of Canyon, while he was assisting his father in grinding some feed. He was rushed to Canyon for medical treatment.

First aid treatment was given him by Dr. C. E. Donnell. Later he was carried to an Amarillo hospital, where an X-ray examination revealed an open fracture, instead of a broken bone as it was first feared.

Edwin is a sophomore in the Canyon High School, also a member of the Canyon High School band.

Over 800 Cows Are Listed For T. B. Testing

In the campaign being waged by the Randall County Dairyman's association for the T. B. test on dairy cows in this county, a total of 834 cows have been listed for the test. Thirty-nine members and non-members of the association own these cows.

By pooling the cows in such large numbers it is possible for the members of the association to secure the services of a capable man to do the testing at a very low cost per cow. The association is offering the privilege of using the low price service to those who do not belong to the association.

A very strong effort is being made by the organization, to stamp out any possibilities of the disease among the dairy cows in this county.

It is expected that the test will be made during the third week in February. Those who desire to take advantage of the low rate offered by the association are urged to do so at once, as only a few more days remain to list cows in this test.

Mr. and Mrs. J. C. Dowd, January 3, a boy.
Mrs. Robert Sullivan, January 4, a girl.

Mr. and Mrs. Oscar A. Smith, January 16, a boy.

Mr. and Mrs. John Batenhorst, January 17, a girl.

Mr. and Mrs. C. L. Rich, January 20, a girl.

UNDERGOES KNIFE

Mrs. Bob Rowan of this city underwent a major operation at the Osteopathic hospital at Amarillo last Tuesday morning and is convalescing splendidly.

J. E. HILL IS APPOINTED TO W. T. C. BOARD

GOVERNOR ANNOUNCED AP-
POINTMENT TUESDAY

Hill Succeeds J. O. Guleke, Who
Is Given Place on New
State Board

The news of the appointment of J. E. Hill of Amarillo, president of the Panhandle Lumber company, to a place on the College board of regents was warmly received in Canyon.

Announcement of the appointment of Mr. Hill was made public Tuesday by Governor Dan Moody.

President J. A. Hill of the College, in commenting upon the governor's choice, said:

"I am much pleased with this appointment. John Hill's interest in public affairs, his unquestioned leadership, and wide acquaintance in this section of Texas, as well as throughout the state, combined with his winning personality, make him a valuable asset to this college, as well as to the Texas Teachers College system."

"Probably no man in Northwest Texas is better or more favorably known than is Mr. Hill. Governor Moody is to be commended for his selection of a man of such outstanding qualities for this position."

J. E. Hill succeeds J. O. Guleke, who has served on the Teachers College board for the past two years, and who resigned to accept a position on the new state board of education. Mr. Guleke has been a valued member of the board of regents, one president having said that in two years Mr. Guleke had made a permanent impression on the Teachers College system of Texas. President Hill of Canyon said of him:

"No man has ever brought to this organization more dynamic intelligence or patriotic spirit."

Mr. Guleke's interest in the College has been especially valuable because he is so well acquainted with this region. He was reared near Childress, Texas, and his whole life is bound up in the growth and development of Northwest Texas.

The first meeting of the board of which Mr. J. E. Hill has just become a member will be held February 10.

Tierra Blanca Hog Farm Adding Fine Strains to Herd

More than a dozen pure blooded Duroc Jersey hogs of national strain have recently been added to the herd of the Tierra Blanca hog farm. Besides those already added, more hogs will arrive the latter part of this week. Three purebred Duroc Jersey hogs are being shipped here from South Dakota. These come from a strain that won national championships last year.

R. E. Prewitt, manager of the hog farm, and veteran hog breeder, states that the Tierra Blanca hog farm will be one of national reputation within a few years. This farm is a result of the partnership formed a short time ago between the McSpaden brothers of Amarillo and Mr. Prewitt.

Mr. Prewitt declares that there was never a greater demand for purebred hogs than there is at the present time. He states that there are more calls for hogs now than it is possible to fill.

The Kiwanis Club of Vega plans to assist the 4H Club boys in that vicinity with hog projects and the Canyon farm will furnish a part of the hogs needed. T. C. Bennett, county agent of Potter county, was here a few days ago looking over the hogs at the Tierra Blanca Farm, in view of aiding the Vega club in purchasing the hogs.

MRS. J. A. EDWARDS IS HONOREE AT SHOWER

As a compliment to Mrs. J. A. Edwards, Jr., whose marriage took place last week, Miss Wilmoth Gamble and Miss Lizzie Stewart entertained Wednesday evening at the home of Miss Gamble. At the close of the games of bridge, little Rex Gamble and Peggy Bishir entered the room pulling two small wagons laden with gifts for the kitchen. The surprise packages were opened by the honoree and passed for the admiration of the other guests, after which lovely refreshments in two courses were served. Sixteen girls were present.

Well, last year was a pretty successful year. A lot of pedestrians managed to get across the street. Albany Evening News.

All Parked Vehicles Must Have Lights

People of Randall county are warned, by the state highway men, not to leave any vehicle parked on the state highways after dark, without some kind of a light attached to it.

A number of people have barely missed serious accidents because of vehicles parked on the highways after dark, with no lights on them. T. W. Zigler, with the state highway department, announces that all violations of the law requiring that lights be placed on all vehicles parked on state highways without lights, will be prosecuted.

Canyon Teams Lose Games at Tulia Tuesday

The Eagles met their second defeat on January 28 at the hands of the Tulia Hornets. The Hornets defeated the Eagles by a score of 23-25, with five minutes overtime. The game was close throughout, being 16-15 in favor of the Eagles at the half, and a tied score of 21-21 at the end of the game.

Woodrow Hazelwood went out early in the game and Joe Jennings took his place at forward. Joe had many opportunities, but he seemed to be off, for he failed to score. Warren Whaley broke into the scoring ring for the first time. Warren has been exhibiting some flashy playing, but never scored in a game. Warren's score was a beautiful field goal. James Cabe scored several points of the 25, as well as doing some good playing. Captain Ralph Cabe was high point man and played as good a game as he has played this season. R. T. McDaniels played a good game and assisted greatly by his jumping. R. T. put the ball in the Eagles' hands most of the time.

The Canyon girls met their second defeat at the hands of the Tulia girls. Tulia has improved in both ball teams since the last game. The girls' team from Canyon High have a good team but they could not stand against the swarm of Hornets. The Eagles girl team is strong and well disciplined, but have been defeated by every team they have played but two, and they won one game at the Panhandle tourney and defeated the herd of Hereford Whitefaces.

Watson Dairy Herd Is Making Good Profits

J. W. Watson, a Randall county dairyman, residing in the Zita community, has established, with his dairy herd, what is believed by some to be a record in this part of the state.

Mr. Watson has a herd of 10 cows and young heifers, which averaged a production of 286.8 pounds of butter fat over a period of eight months. The feed cost to produce the butter fat was 14.6 cents per pound for the entire herd. In keeping a detailed and accurate record on the production of the cows in his herd, Mr. Watson finds that the five highest producing cows netted him a total profit of \$962.67 in eight months.

The highest producing cow in the Watson herd produced 370.4 pounds of butter fat in the same length of time. It is also very noticeable that the cost per pound of butter fat was less with the highest producing cow than with the entire herd. The cost on the one cow was 11.2 cents per pound of butter fat. The total production of this cow for a year was 597 pounds of butter fat.

Principal feeds were home grown ground hegarl bundles and ground oats, supplemented with 34% protein commercial dairy feed, fed at the rate of one pound to every 12 pounds of butter fat produced. For roughage the cows fed on sudan and oat pasture.

The results obtained by Mr. Watson with his dairy herd is another concrete example that dairy products can be produced here as cheaply as anywhere in the United States.

Miss M. Moss Richardson of the department of English lectured before a meeting of the Woman's Club, the Junior Woman's Club, and the Junior Pierian Club in Amarillo Tuesday. Her subject was "The Progress of Poetry Since 1920." Next Tuesday she will be principal speaker at the quarterly meeting of the Panhandle Pen Women at Amarillo.

New Pastor

Rev. A. K. Scott, above, has been called here as temporary pastor of the First Christian church. Rev. Mr. Scott comes here from Fort Worth. He has been connected with the State Missionary Society of the Christian church, as state-wide evangelist for 23 years.

His mission in Canyon will be to aid the local church body to build a new edifice. He will hold preaching services both morning and evening each Sunday.

The church membership is planning an open program and reception in behalf of Rev. Mr. Scott on Tuesday evening at the church, at 8 o'clock.

All members of the church have been urged to attend the meeting. The new pastor is a brother of I. W. Scott of Canyon.

"Prairie" Staff Visit News-Globe Plant Wednesday

Twenty-six members of the staff of the Prairie spent Wednesday afternoon visiting the plant of the Amarillo News-Globe.

The visiting expedition was headed by Miss Anna Throckmorton, editor-in-chief of the Prairie. W. S. Izzard, managing editor of the Globe, was special host to the Canyon group.

The only disappointment reported of the trip was the absence of Tack from Amarillo.

College Radio Program Saturday Headed by Clark

Howard Ferguson of Amarillo, general manager of the Panhandle-Plains, Inc., was in Canyon Wednesday afternoon, conferring with members of the College faculty regarding radio programs which are to be given in the near future.

Saturday evening, February 1, from 7:30 to 8 o'clock, Wallace R. Clark, head of the music department of the College, will be heard in a number of negro songs. He will be accompanied by Miss Pauline Brigham, head of the piano division of the music department.

This is the second of a series of programs dedicated to the newcomers in the Panhandle. The first of the series was given by the College two weeks ago, and other programs will be announced from time to time.

C. R. Flesher In Race For County Judge

I wish to announce to the Voters of Randall County, that I am a candidate for the office of County Judge, subject to the Democratic Primary July 26th, 1930.

I will appreciate the influence of the voters during the campaign and their support at the primary.

I have lived in Randall County for the past nineteen years, and as an attorney I know the duties and the needs of the office.

It is my intention to see every voter in the county during the campaign. If I should miss seeing you it will be unintentional. If I am elected, I will give my entire time to the office and will diligently look after all business coming under the jurisdiction of the office.

CAR DELIVERIES

Will C. Black, new Ford town sedan.

W. H. Neal, new Ford Fordor. Harry Upfold, new Ford delivery. Ben Sneth, used Ford roadster.

L. C. Stevent, who has been connected with the Walter Irvin, Inc. of Amarillo for a number of years, became the new Service Manager of Miller-Lybrand Co., Jan. 22.

M. G. M. Lion Here on February 10th

"Leo," the famous movie lion of the Metro-Goldwyn-Mayer productions, will be in Canyon on February 10. This lion is alive and now being exhibited in various cities in Texas.

The lion will be brought to Canyon, and exhibited by the Metro-Goldwyn-Mayer company, for the Olympic theater.

\$300 WORTH OF WIRE STOLEN TUESDAY P. M.

TEXAS UTILITIES WAREHOUSE
ENTERED BY BURGLARS

Amarillo Officers Catch Two Men
When Stolen Goods Are
Discovered

Quick action in suppressing crime waves in Randall county was in evidence when the thieves who entered the Texas Utilities warehouse Tuesday night were apprehended early Wednesday.

Wire, cables and other materials amounting in value to more than \$300 were taken from the Texas Utilities company's warehouse in west Canyon, some time during Tuesday night. Entrance into the building was made through a door after a padlock on the door had been broken off.

Discovery of the loss was made early Wednesday morning. When R. B. Meredith, local manager of the Texas Utilities company, notified Amarillo authorities of the theft, he was informed that the burglars had already been placed under arrest, upon suspicion.

It was stated that the two men under arrest had attempted to sell the stolen goods to a junk dealer in Amarillo. His suspicions were aroused and officers were summoned. It is alleged that the two men under arrest were recent Canyon residents. According to information received here, the junk dealer in Amarillo stated that the two asked for quotations on junk wire on Tuesday, and on Wednesday they appeared with the wire.

A large portion of the material was recovered, and it is expected that all of it will be recovered very soon. Local Utilities men entertained hopes last night that the major portion, if not all of the stolen material, would be located and returned today.

It is expected that the men held in the Amarillo jail will be brought to Canyon today and charges filed against them in the courts here.

Hereford Man Is Speaker at C. of C. Banquet

Plans are shaping themselves in a most satisfactory way for the meeting of the Canyon Chamber of Commerce on February 11. T. M. Siegler, president of the Hereford Chamber of Commerce; Howard Ferguson, general manager of the Panhandle-Plains, Inc., and Judge J. Sid O'Keefe, Panhandle lawyer, will be out-of-town speakers for the occasion.

Delegations from several near-by towns are expected, and it is hoped that they will be able to see a real representative meeting of a large group of Canyon citizens.

The big affair of the local organization will be held, jointly with the Rotary Club, in the basement of the Presbyterian church, at 7:30 p. m. Elaborate preparations are being made and the banquet is expected to be one of the most successful affairs of this nature ever held in Canyon. A capacity crowd is expected to be present.

Reservations for the occasion should be made with members of the committee, who are: L. N. George, Oscar Gano, Burl Ellison and J. H. Humphreys.

A full review of the year's work planned for 1930 will be given at that time.

Mrs. Frank Naylor of Palestine, Texas, visited Saturday with Earl Robbins and family.

Poll Tax Receipts Reach New Record

Indications point toward an interesting year in politics in Randall county during 1930. Tax Collector John Fry states that more poll taxes have been paid to date than ever before in Randall county. The record prior to this year was 1664. Already more than 1670 poll tax receipts had been issued from his office early this morning.

Payment of property taxes by owners number 1958, and 1174 cars have been registered, according to records in the collector's office.

Mr. Fry stated that those who intended to pay poll taxes and had failed to do so yet must hurry today and tomorrow, as the local office had less than 200 blanks left. Friday will be the last day to qualify as a voter for this year.

THOMPSON IS NEW HEAD OF TEXAS H. & I. D.

LOCAL MAN PROMINENT IN
ASSOCIATION

Tulia Man Elected to Board of
Directors in Organi-
zation

T. C. Thompson was elected president of the Texas Hardware and Implement Dealers Association at the close of the association's annual convention in Houston, last Thursday.

Mr. Thompson has been an active member of the association for 20 years. He has been an officer and director of the organization for the past 10 years. Five years ago he was elected vice-president, but failed to be elected to the presidency of the association the following year because of serious illness which prevented his doing the active work required by that office. At the annual convention last year he was again elected vice-president.

J. E. HILL IS APPOINTED TO W. T. C. BOARD

GOVERNOR ANNOUNCED AP-
POINTMENT TUESDAY

Hill Succeeds J. O. Guleke, Who
Is Given Place on New
State Board

The news of the appointment of J. E. Hill of Amarillo, president of the Panhandle Lumber company, to a place on the College board of regents was warmly received in Canyon.

Announcement of the appointment of Mr. Hill was made public Tuesday by Governor Dan Moody. President J. A. Hill of the College, in commenting upon the governor's choice, said:

"I am much pleased with this appointment. John Hill's interest in public affairs, his unquestioned leadership, and wide acquaintance in this section of Texas, as well as throughout the state, combined with his winning personality, make him a valuable asset to this college, as well as to the Texas Teachers College system."

"Probably no man in Northwest Texas is better or more favorably known than is Mr. Hill. Governor Moody is to be commended for his selection of a man of such outstanding qualities for this position."

J. E. Hill succeeds J. O. Guleke, who has served on the Teachers College board for the past two years, and who resigned to accept a position on the new state board of education. Mr. Guleke has been a valued member of the board of regents, one president having said that in two years Mr. Guleke had made a permanent impression on the Teachers College system of Texas. President Hill of Canyon said of him:

"No man has ever brought to this organization more dynamic intelligence or patriotic spirit."

Mr. Guleke's interest in the College has been especially valuable because he is so well acquainted with this region. He was reared near Childress, Texas, and his whole life is bound up in the growth and development of Northwest Texas.

The first meeting of the board of which Mr. J. E. Hill has just become a member will be held February 10.

Tierra Blanca Hog Farm Adding Fine Strains to Herd

More than a dozen pure blooded Duroc Jersey hogs of national strain have recently been added to the herd of the Tierra Blanca hog farm. Besides those already added, more hogs will arrive the latter part of this week. Three purebred Duroc Jersey hogs are being shipped here from South Dakota. These come from a strain that won national championships last year.

R. E. Prewitt, manager of the hog farm, and veteran hog breeder, states that the Tierra Blanca hog farm will be one of national reputation within a few years. This farm is a result of the partnership formed a short time ago between the McSpaden brothers of Amarillo and Mr. Prewitt.

Mr. Prewitt declares that there was never a greater demand for purebred hogs than there is at the present time. He states that there are more calls for hogs now than it is possible to fill.

The Kiwanis Club of Vega plans to assist the 4H Club boys in that vicinity with hog projects and the Canyon farm will furnish a part of the hogs needed. T. C. Bennett, county agent of Potter county, was here a few days ago looking over the hogs at the Tierra Blanca Farm, in view of aiding the Vega club in purchasing the hogs.

MRS. J. A. EDWARDS IS HONOREE AT SHOWER

As a compliment to Mrs. J. A. Edwards, Jr., whose marriage took place last week, Miss Wilmoth Gamble and Miss Lizzie Stewart entertained Wednesday evening at the home of Miss Gamble. At the close of the games of bridge, little Rex Gamble and Peggy Bishir entered the room pulling two small wagons laden with gifts for the kitchen. The surprise packages were opened by the honoree and passed for the admiration of the other guests, after which lovely refreshments in two courses were served. Sixteen girls were present.

Well, last year was a pretty successful year. A lot of pedestrians managed to get across the street. Albany Evening News.

All Parked Vehicles Must Have Lights

People of Randall county are warned, by the state highway men, not to leave any vehicle parked on the state highways after dark, without some kind of a light attached to it.

A number of people have barely missed serious accidents because of vehicles parked on the highways after dark, with no lights on them. T. W. Zigler, with the state highway department, announces that all violations of the law requiring that lights be placed on all vehicles parked on state highways without lights, will be prosecuted.

Canyon Teams Lose Games at Tulia Tuesday

The Eagles met their second defeat on January 28 at the hands of the Tulia Hornets. The Hornets defeated the Eagles by a score of 28-25, with five minutes overtime. The game was close throughout, being 16-15 in favor of the Eagles at the half, and a tied score of 21-21 at the end of the game.

Woodrow Hazelwood went out early in the game and Joe Jennings took his place at forward. Joe had many opportunities, but he seemed to be off, for he failed to score. Warren Whaley broke into the scoring ring for the first time. Warren has been exhibiting some flashy playing, but never scored in a game. Warren's score was a beautiful field goal. James Cabe scored several points of the 25, as well as doing some good playing. Captain Ralph Cabe was high point man and played as good a game as he has played this season. R. T. McDaniels played a good game and assisted greatly by his jumping. R. T. put the ball in the Eagles' hands most of the time.

The Canyon girls met their second defeat at the hands of the Tulia girls. Tulia has improved in both ball teams since the last game. The girls' team from Canyon High have a good team but they could not stand against the swarm of Hornets. The Eagles girl team is strong and well disciplined, but have been defeated by every team they have played but two, and they won one game at the Panhandle tourney and defeated the herd of Hereford Whitefaces.

Watson Dairy Herd Is Making Good Profits

J. W. Watson, a Randall county dairyman, residing in the Zita community, has established, with his dairy herd, what is believed by some to be a record in this part of the state.

Mr. Watson has a herd of 10 cows and young heifers, which averaged a production of 286.8 pounds of butter fat over a period of eight months. The feed cost to produce the butter fat was 14.6 cents per pound for the entire herd. In keeping a detailed and accurate record on the production of the cows in his herd, Mr. Watson finds that the five highest producing cows netted him a total profit of \$962.67 in eight months.

The highest producing cow in the Watson herd produced 3704 pounds of butter fat in the same length of time. It is also very noticeable that the cost per pound of butter fat was less with the highest producing cow than with the entire herd. The cost on the one cow was 11.2 cents per pound of butter fat. The total production of this cow for a year was 597 pounds of butter fat.

Principal feeds were home grown ground hegarri bundles and ground oats, supplemented with 34% protein commercial dairy feed, fed at the rate of one pound to every 12 pounds of butter fat produced. For roughage the cows fed on sudan and oat pasture.

The results obtained by Mr. Watson with his dairy herd is another concrete example that dairy products can be produced here as cheaply as anywhere in the United States.

Miss M. Moss Richardson of the department of English lectured before a meeting of the Woman's Club, the Junior Woman's Club, and the Junior Plerian Club in Amarillo Tuesday. Her subject was "The Progress of Poetry Since 1920." Next Tuesday she will be principal speaker at the quarterly meeting of the Panhandle Pen Women at Amarillo.

New Pastor

Rev. A. K. Scott, above, has been called here as temporary pastor of the First Christian church. Rev. Mr. Scott comes here from Fort Worth. He has been connected with the State Missionary Society of the Christian church, as state-wide evangelist for 23 years.

His mission in Canyon will be to aid the local church body to build a new edifice. He will hold preaching services both morning and evening each Sunday.

The church membership is planning an open program and reception in behalf of Rev. Mr. Scott on Tuesday evening at the church, at 8 o'clock.

All members of the church have been urged to attend the meeting. The new pastor is a brother of I. W. Scott of Canyon.

"Prairie" Staff Visit News-Globe Plant Wednesday

Twenty-six members of the staff of the Prairie spent Wednesday afternoon visiting the plant of the Amarillo News-Globe.

The visiting expedition was headed by Miss Anna Throckmorton, editor-in-chief of the Prairie. W. S. Izzard, managing editor of the Globe, was special host to the Canyon group.

The only disappointment reported of the trip was the absence of Tack from Amarillo.

College Radio Program Saturday Headed by Clark

Howard Ferguson of Amarillo, general manager of the Panhandle-Plains, Inc., was in Canyon Wednesday afternoon, conferring with members of the College faculty regarding radio programs which are to be given in the near future.

Saturday evening, February 1, from 7:30 to 8 o'clock, Wallace R. Clark, head of the music department of the College, will be heard in a number of negro songs. He will be accompanied by Miss Pauline Brigham, head of the piano division of the music department.

This is the second of a series of programs dedicated to the newcomers in the Panhandle. The first of the series was given by the College two weeks ago, and other programs will be announced from time to time.

C. R. Flesher In Race For County Judge

I wish to announce to the Voters of Randall County, that I am a candidate for the office of County Judge, subject to the Democratic Primary July 26th, 1930.

I will appreciate the influence of the voters during the campaign and their support at the primary.

I have lived in Randall County for the past nineteen years, and as an attorney I know the duties and the needs of the office.

It is my intention to see every voter in the county during the campaign. If I should miss seeing you it will be unintentional. If I am elected, I will give my entire time to the office and will diligently look after all business coming under the jurisdiction of the office. C. R. FLESHER.

CAR DELIVERIES

Will C. Black, new Ford town sedan.

W. H. Neal, new Ford Fordor. Harry Upfold, new Ford delivery. Ben Sneath, used Ford roadster.

L. C. Stevent, who has been connected with the Walter Irvin, Inc. of Amarillo for a number of years, became the new Service Manager of Miller-Lybrand Co., Jan. 22.

M. G. M. Lion Here on February 10th

"Leo," the famous movie lion of the Metro-Goldwyn-Mayer productions, will be in Canyon on February 10. This lion is alive and now being exhibited in various cities in Texas.

The lion will be brought to Canyon, and exhibited by the Metro-Goldwyn-Mayer company, for the Olympic theater.

\$300 WORTH OF WIRE STOLEN TUESDAY P. M.

TEXAS UTILITIES WAREHOUSE
ENTERED BY BURGLARS

Amarillo Officers Catch Two Men
When Stolen Goods Are
Discovered

Quick action in suppressing crime waves in Randall county was in evidence when the thieves who entered the Texas Utilities warehouse Tuesday night were apprehended early Wednesday.

Wire, cables and other materials amounting in value to more than \$300 were taken from the Texas Utilities company's warehouse in west Canyon, some time during Tuesday night. Entrance into the building was made through a door after a padlock on the door had been broken off.

Discovery of the loss was made early Wednesday morning. When R. B. Meredith, local manager of the Texas Utilities company, notified Amarillo authorities of the theft, he was informed that the burglars had already been placed under arrest, upon suspicion.

It was stated that the two men under arrest had attempted to sell the stolen goods to a junk dealer in Amarillo. His suspicions were aroused and officers were summoned. It is alleged that the two men under arrest were recent Canyon residents. According to information received here, the junk dealer in Amarillo stated that the two asked for quotations on junk wire on Tuesday, and on Wednesday they appeared with the wire.

A large portion of the material was recovered, and it is expected that all of it will be recovered very soon. Local Utilities men entertained hopes last night that the major portion, if not all of the stolen material, would be located and returned today.

It is expected that the men held in the Amarillo jail will be brought to Canyon today and charges filed against them in the courts here.

Hereford Man Is Speaker at C. of C. Banquet

Plans are shaping themselves in a most satisfactory way for the meeting of the Canyon Chamber of Commerce on February 11. T. M. Siegler, president of the Hereford Chamber of Commerce; Howard Ferguson, general manager of the Panhandle-Plains, Inc., and Judge J. Sid O'Keefe, Panhandle lawyer, will be out-of-town speakers for the occasion.

Delegations from several near-by towns are expected, and it is hoped that they will be able to see a real representative meeting of a large group of Canyon citizens.

The big affair of the local organization will be held, jointly with the Rotary Club, in the basement of the Presbyterian church, at 7:30 p. m. Elaborate preparations are being made and the banquet is expected to be one of the most successful affairs of this nature ever held in Canyon. A capacity crowd is expected to be present.

Reservations for the occasion should be made with members of the committee, who are: L. N. George, Oscar Gano, Burl Ellison and J. S. Humphreys.

A full review of the year's work planned for 1930 will be given at that time.

Mrs. Frank Naylor of Palestine, Texas, visited Saturday with Earl Robbins and family.

Poll Tax Receipts Reach New Record

Indications point toward an interesting year in politics in Randall county during 1930. Tax Collector John Fry states that more poll taxes have been paid to date than ever before in Randall county. The record prior to this year was 1664. Already more than 1670 poll tax receipts had been issued from his office early this morning.

Payment of property taxes by owners number 1958, and 1174 cars have been registered, according to records in the collector's office.

Mr. Fry stated that those who intended to pay poll taxes and had failed to do so yet must hurry today and tomorrow, as the local office had less than 200 blanks left. Friday will be the last day to qualify as a voter for this year.

THE FIRST WEEK OF THE SPECIAL SESSION

The first week of any session of the Legislature is a rather quiet affair. The first week of the Fourth Called Session of the 41st Legislature was not an exception to the rule.

The only item of business transacted was to listen to Governor Moody's message. This message is interpreted in many and sundry ways. It is called the swan song by some. By others it is termed the first shot of the on-coming battle to be waged by the young governor for a third term. By his intimate friends it was termed a highly able message. By those not so friendly it was termed mediocre and an attempt to make something great out of something small.

The message is generally conceded to be a detailed review of the Moody administration for the past three years in order that the people of Texas may better appreciate the efforts of their state government. It is a well-known fact that the people generally have little conception of the vast amount of work being done in their state capitol, and the Governor was seeking in this message to lay before them the work of their government.

The legislature accepted the Governor's recommendation to make a personal investigation of the penitentiary system. From the discussion of the first few days, it was indicated that there were many

views on this perplexing question. With the opening of the second week, the legislature will tackle the penitentiary problem as presented in the half dozen bills which are presented on this subject. The result cannot be safely predicted at this time. It is stated quite confidently that the senate will eventually pass the administration bill to centralize the penitentiary near Austin. It will be a different story in the House, according to those who have taken a poll on the subject. There are five members of the House on the committee which made the recommendations of this session. Only one of the five agrees to the Austin proposal. The people of Austin are said to be strictly against moving the system up to their front door.

Governor Moody has said he would veto any plan that did not propose to move the system near Austin, but in his message Tuesday, made the bold statement that should centralization fail, the responsibility was up to the Legislature.

Senator Tom B. Love of Dallas is alert in his campaign for Governor. He is seeking in every manner to manipulate the affairs of the senate to show himself up to best advantage.

It is too early in the campaign to predict as to the result of the election this year, but political wisecracks are frank in stating that should an aggressive man come out, it would be too bad for the old heads such as Love, Barry Miller, Earl Mayfield, Moody and Jim Ferguson. They speak this way. That an aggressive man can go in to the second primary with any of these and come out winner. Senator Pink Parrish of Lubbock is being touted as the man who may make the race and win over the rest.

Lee Satterwhite, formerly of Panhandle and Amarillo, will run for the Legislature from Odessa. He was Speaker of the House four years ago and one of the most able men to serve in the lower house.

The Legislature has passed the resolution calling for the submission of the summer school appropriations at once. It is hoped that the Governor will submit the question.

It is expected that Senator C. C. Small of Wellington will make his announcement as a candidate for Congress in the 18th District.

Things are looking brighter for the proposed Park System which will include the Palo Duro Canyon. The Governor is greatly interested in the project.

A lively time is predicted under the big dome at Austin during the coming twenty days.

Never Spent Any Money That Gave Better Returns

Amarillo Man Says He Was Generally Run-Down Before He Took Orgatone.

"I never spent a dollar and quarter in my life that brought better returns than when I bought my first bottle of Orgatone," declared R. A. Gray, of 800 Bryan St., Amarillo, Texas. "For I never took anything in my life that did me near as much good in so short a time as Orgatone has done."

"I suffered from constipation and pains in my stomach," continued Mr. Gray, "and was in such a rundown condition that I really didn't feel like going about my work. I would go home at night and roll from one side of the bed to another and sometimes I just couldn't go to sleep and would get up in the morning feeling worse than when I went to bed."

"My food didn't taste right and it didn't seem to nourish me any, and I was so constipated I had to be constantly taking medicine. Some time after taking I was about the most miserable feeling creature you ever saw from indigestion."

"Some few weeks ago I started in taking Orgatone, and noticed right from the start it was getting in its work, and in that short time I have got so much better all those awful indigestion pains in my stomach don't bother me now at all anymore. I am not constipated any, I sleep like a top, so calm and comfortable and I get up in the morning feeling as fit as you please and ready to tackle anything. I eat now with a relish, and everything tastes good and my food is giving me the strength and energy I have lost when I started to run down so. I am now on my second bottle, and I feel that Orgatone is doing the right thing for me, and it will do the same for anybody else who will take it when they ought."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

HEALTHY "GOOD NIGHT"

Parents should not lightly estimate the value of "good night" for the child, as, properly said, it brings with it a comforting assurance of security and love, both essential factors to the best health.

HENCE MARKET CRASHES

Greed is the most insidious disease of all. Apparently it has to be washed out of their souls every once in so often or they would be unendurable.

MEN HOLD THEIR OWN

In only four states are there more women than men—Massachusetts, Maryland, North and South Carolina.

HOME HUNTING

Prospective home buyers usually find a perfect small home, but the people who own it always seem to like it, too.

J. J. Walker Drug Store

Good and Bad

By John Joseph Gaines

It is a beautiful thought that, everything in, on, or about this old earth we live in, is good for us in one way or another. It is one of the most comforting facts imaginable, when we appreciate it fully.

A certain article of food or drink may be decidedly harmful under conditions—and positively beneficial under others. If a man is in good health, he does not need aconite, strychnine, or mercury; but, when the fever must be controlled, the shattered nerves restored, the body freed from infection—then we appreciate these valuable agencies at their true worth. We would not be safe without them.

Everything we see, feel and appreciate, is good for something some time, place, or for somebody. This is a thought worth keeping in mind constantly. The family doctor is a trained thinker. He of all people is besieged daily with anxious queries about human systems that have been thrown out of gear,

presumably by something not good for them—when, in reality, there is no such thing!

The doctor knows that it is not the article, but the excessive indulgence of it that does the wrecking. He knows that, used to the exact point of need, nothing makes one sick. He knows, as every thinking man knows, that nothing a man may eat, drink, or smoke, can possibly do harm, if not indulged to excess; I wish you would understand that, please. Potatoes are as capable of killing a man as coffee, and have killed as many I have no doubt, if the truth were known. A very eminent specialist told me recently, that to eat three baked potatoes "the size of a goose egg" daily, would harm as certainly as the smoking of three cigars. It is the excess, and not the particular thing that makes partaking deadly.

The wisest man, in my opinion, is the one that knows precisely where to draw the line in eating, drinking, and smoking. I have not met him up to this time. When I find him, I shall congratulate a perfectly healthy man. I am more afraid of excess than I am of the

orthodox devil; that's not science—it's truth.

Uncle Si Tinklepaugh says as near as he can figure it out success means working so hard you ruin your health so's to make money enough to go to Florida to get your health back.

OUR NEXT PROBLEM

It is estimated that the lack of efficient and economical distribution costs the country not less than seven or eight billion dollars a year.

CANYON SUPPLY CO.

"Don't get up..

I'll get breakfast downtown"

HELEN was puzzled. Lately, Bob seemed actually anxious to eat downtown, and at first, after they were married, he enjoyed so much those happy half hours in their sunny breakfast nook.

He suddenly began telling her she looked tired in the morning and he insisted she stay in bed and sleep when she didn't want to.

Why? Why? Her breakfasts were as good and as varied as ever. She took pride in them. She took pains with the coffee...

Come to think of it, the coffee was peculiar and never the same.

Helen went to the telephone and told her troubles to Janet Thatcher.

"Why, of course, it's the coffee, Silly," Janet laughed. "Listen; you try White Swan Coffee on Bob this evening at dinner and I'll wager he'll be eating breakfast at home from now on."

Janet was right.

Of course, you would rather breakfast together at home. Everyone would when White Swan Coffee is served. Its tempting aroma and satisfying flavor lend a zestful spirit to the start of every day.

Modern roasting ovens bring out the natural flavor of the selected coffees which are so artfully combined and balanced in achieving the full, rich quality of the White Swan blend.

He suddenly began telling her she looked tired in the morning...

Supervision as exact as that in your own kitchen is enforced in each important process.

After roasting, White Swan is packed in sealed tins for shipment. No chances are taken with the freshness of its flavor. Prompt distribution is effected from 22 strategically located Waples Platter Houses. Fleets of motor trucks operate over a system of routes, making regular deliveries from all the units of this institution of the Southwest to its 10,000 dealers.

The best of modern method and time-tested custom are thus combined with the skill acquired by more than a half century of experience in developing the famous White Swan quality.

Now, and whenever you need a fresh supply, White Swan Coffee is available at your grocer's freshly packed in one and three pound cans.

"I eat now with a relish, and everything tastes good and my food is giving me the strength and energy I have lost when I started to run down so. I am now on my second bottle, and I feel that Orgatone is doing the right thing for me, and it will do the same for anybody else who will take it when they ought."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Canyon by the Jarrett Drug Co.

HEALTHY "GOOD NIGHT"

Parents should not lightly estimate the value of "good night" for the child, as, properly said, it brings with it a comforting assurance of security and love, both essential factors to the best health.

HENCE MARKET CRASHES

Greed is the most insidious disease of all. Apparently it has to be washed out of their souls every once in so often or they would be unendurable.

MEN HOLD THEIR OWN

In only four states are there more women than men—Massachusetts, Maryland, North and South Carolina.

HOME HUNTING

Prospective home buyers usually find a perfect small home, but the people who own it always seem to like it, too.

Good and Bad

By John Joseph Gaines

It is a beautiful thought that, everything in, on, or about this old earth we live in, is good for us in one way or another. It is one of the most comforting facts imaginable, when we appreciate it fully.

A certain article of food or drink may be decidedly harmful under conditions—and positively beneficial under others. If a man is in good health, he does not need aconite, strychnine, or mercury; but, when the fever must be controlled, the shattered nerves restored, the body freed from infection—then we appreciate these valuable agencies at their true worth. We would not be safe without them.

Everything we see, feel and appreciate, is good for something some time, place, or for somebody. This is a thought worth keeping in mind constantly. The family doctor is a trained thinker. He of all people is besieged daily with anxious queries about human systems that have been thrown out of gear,

presumably by something not good for them—when, in reality, there is no such thing!

The doctor knows that it is not the article, but the excessive indulgence of it that does the wrecking. He knows that, used to the exact point of need, nothing makes one sick. He knows, as every thinking man knows, that nothing a man may eat, drink, or smoke, can possibly do harm, if not indulged to excess; I wish you would understand that, please. Potatoes are as capable of killing a man as coffee, and have killed as many I have no doubt, if the truth were known. A very eminent specialist told me recently, that to eat three baked potatoes "the size of a goose egg" daily, would harm as certainly as the smoking of three cigars. It is the excess, and not the particular thing that makes partaking deadly.

The wisest man, in my opinion, is the one that knows precisely where to draw the line in eating, drinking, and smoking. I have not met him up to this time. When I find him, I shall congratulate a perfectly healthy man. I am more afraid of excess than I am of the

orthodox devil; that's not science—it's truth.

Uncle Si Tinklepaugh says as near as he can figure it out success means working so hard you ruin your health so's to make money enough to go to Florida to get your health back.

OUR NEXT PROBLEM

It is estimated that the lack of efficient and economical distribution costs the country not less than seven or eight billion dollars a year.

"Don't get up..

I'll get breakfast downtown"

HELEN was puzzled. Lately, Bob seemed actually *anxious* to eat downtown, and at first, after they were married, he enjoyed so much those happy half hours in their sunny breakfast nook.

He suddenly began telling her she looked tired in the morning and he insisted she stay in bed and sleep when she didn't want to.

Why? Why? Her breakfasts were as good and as varied as ever. She took pride in them. She took pains with the coffee...

Come to think of it, the coffee *was* peculiar and never the same.

Helen went to the telephone and told her troubles to Janet Thatcher.

"Why, of course, it's the coffee, Silly," Janet laughed. "Listen; you try White Swan Coffee on Bob this evening at dinner and I'll wager he'll be eating breakfast at home from now on."

Janet was right.

Of course, you would rather breakfast together at home. Everyone would when White Swan Coffee is served. Its tempting aroma and satisfying flavor lend a zestful spirit to the start of every day.

Modern roasting ovens bring out the natural flavor of the selected coffees which are so artfully combined and balanced in achieving the full, rich quality of the White Swan blend.

He suddenly began telling her she looked tired in the morning...

Supervision as exact as that in your own kitchen is enforced in each important process.

After roasting, White Swan is packed in sealed tins for shipment. No chances are taken with the freshness of its flavor. Prompt distribution is effected from 22 strategically located Waples Platter Houses. Fleets of motor trucks operate over a system of routes, making regular deliveries from all the units of this institution of the Southwest to its 10,000 dealers.

The best of modern method and time-tested custom are thus combined with the skill acquired by more than a half century of experience in developing the famous White Swan quality.

Now, and whenever you need a fresh supply, White Swan Coffee is available at your grocer's freshly packed in one and three pound cans.

FREE—Expert advice on cooking

Perhaps the biscuits don't turn out right... or you always have trouble with some other dish your family likes. Write to Waples Platter Better Cooking Bureau, Waples Platter Co., Ft. Worth, Tex. Expert advice on any recipe sent FREE.

A clear skin is irresistible /

You can feel the re-juvenating effect S.S.S. brings the body by the increase of red-blood cells

A clear, smooth, lovely skin enhances personal attractiveness. Men admire it. Women praise and secretly envy. More happiness and friends may depend upon it.

YOUR popularity may depend upon a clear, smooth, lovely skin. It is the accepted way of telling the degree of health a person possesses. Naturally a skin which bespeaks health attracts.

Skilled physicians recognize the appearance of skin blemishes, lack of appetite, flabby flesh and loss of energy as an indication that the body's power of resistance is low—that there is a deficiency of red-blood-cells.

The way to the skin is through the blood. Strong, healthy blood

nourishes the body and promotes smooth, clear skin.

Many thousands have regained their strength and charm by taking S.S.S. It is Nature's own blood tonic for raising the body's power of resistance to infection and disease, improving the appetite, building firm flesh and clearing the skin.

S.S.S. promotes healthy body building. It increases the number of red-blood-cells. It is made from strictly fresh vegetable drugs and has a successful record of over 100 years back of it.

S.S.S. All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical. © S.S.S. Co.

Thundering Herd Tames A.C.C. Wildcats In Two Conference Games Friday and Saturday

Scores For Two Games are 58-18 and 53-17; One of Highest Scoring Records Ever Made in Conference Game by Buffs.

The Thundering Herd of West Texas completely tamed the A. C. C. Wildcats in two T. I. A. A. conference games here Friday and Saturday nights. The first game ended 58-18; the second 53-17.

This was one of the highest scored conference games for the Buffs in several years. The Wild Cats were almost held helpless throughout both games. In the first game the Buffs allowed only two field goals to be made, and in the second only 6. But in both games A. C. C. did their part in ringing up the free shots.

Hendrick of Abilene was the high point man for A. C. C. He was allowed 6 free throws and he took advantage of this opportunity by making every one of them. Black followed with 5 free shots.

The Buffs played on the offensive most of the time, but when it was necessary for a defense to take its stand; the Christians failed to press forward. In fact, during the last few minutes of the second game, the Wildcats were almost at the Buffs' mercy.

In both games, Coach Burton used every first string man, each quintet playing 20 minutes each. By doing this event, Coach Burton has found new players and their ability. Comer will be a 4 year man, if he keeps up his record. Burk will also be a 4 year guard.

In the first game, Red Keith was high point man. Playing his best game of the season. Red took 12 points for his standing. Burk followed with 8, and had he remained in the game, would probably have

been the leader. Jones took 7, Newman 5, Brown 3, Fuller 7, Comer 6, Ward 4, Bandy 1, Gerald 1.

In the second game, the Christians made a new attack, but it failed to work. It was seven minutes before a score was made for them, and that was a free pitch. The half ended 29-4, in favor of the Buffs.

Keyes, the star player for Abilene was the best offensive man on the Christian team. Black also aided in the offensive plays, while Hendrick did his part. Pippen played a good game at the center position.

Fuller was high point man of this game for Canyon, taking 13 for himself. This game was Fuller's best. Clark will be one of the fastest floor workers on the squad, if he keeps up his record. Crain and Cooper made their first appearance Saturday night and showed that they were top notch guards. Every player did the best work of the season.

The game was ragged and roughness was frequent along toward the last. Coach Burton used eleven men in substitution. Keith, Newman, Fuller, Ward and Gerald started both games; but Brown, Burk, Comer, Clark, Bandy, Jones, Cooper, Crain, played over half of the time.

In six conference games the Buffs have scored 240 points, an average of 40 points per game or a point a minute. Of these they have won 5, losing one game to Denton Teachers by a score of 21 to 23.

Clovis Wildcats Defeat Yearlings

The Clovis High School Wildcats took the West Texas Yearlings for a 49-26 tumble Friday afternoon in the Buffalo gym. The game proved to be a hard, fast one for both sides; but accurate shots counted for the victory.

Clovis' star was Castleberry, a six foot lad who proved to be a real developed center. True of Clovis, high point man, clipped off 17 points to his credit. Dowell was also a good basket ringer. All in all, Clovis has a good basketball team.

McClendon and Crain bore their part of the burden, while Cooper, Human, Britt, Fitzgerald, C. Keith, Monroe, and Donnell did their part for the Yearlings.

Troutman was the lad that proved to be a basket ringer. After coming into the game in the last half, he topped off 11 points which placed him high point for the Yearlings.

The Clovis fans turned out 90 strong to see the game.

On February 7 the Yearlings, under the tutelage of Coach Reeds, will return the game.

York of Denton was the referee.

HEREFORD QUINTET DEFEATS CALVES

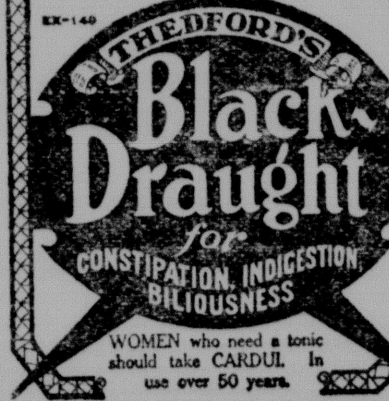

The Calves went down in defeat before the Hereford High School basketball team in the Buffalo gymnasium Saturday afternoon when Hereford carried off the game with a score of 23-14.

WHEN CHILDREN Need a Laxative

"We have used Theodor's Black-Draught in our family for nineteen years. I have found it of great help in raising my family."

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right."

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

Amarillo Scouts Give Program Sat. at Chapel Hour

Miss Alice Mulkey and her group of Girl Scouts from Amarillo gave the students of W. T. a chapel presentation Saturday.

The program was opened with the appearance of several Scouts singing two snappy camp songs. Lois Johnson gave several selections on her French harp. Piano and guitar selections were also given by members of the troupe. Two Chinese selections were played on the piano by Winnie Dee Wilson.

Probably the most interesting feature of the program was a dialogue by Pat Sparger and Anrose Irvin. The dialogue was a comedy.

Preceding the program Miss Mulkey outlined the work of the Scouts of Amarillo. There are 215 Girl Scouts there which are organized into 11 troupes sponsored by the churches. Badges are given in cooking, sewing, nursing, swimming, horsemanship, and many other useful and recreational sports.

The knowing woman no longer submits meekly to regular, systemic suffering. For this kind of pain is relieved by Bayer Aspirin just as readily as an occasional headache, twinge of neuralgia, or the more intense pain of rheumatism. The Difference Between Cold and Comfort

The striking of a match and the turning of a valve is the only difference we may immediately realize. But to produce comfort instead of gold requires several hundred miles of pipe lines and an army of men who work diligently at their task of furnishing you with good gas service.

Gas Service

Eternal vigilance on the part of all employees is necessary to insure you against discomfort in such weather as the recent cold waves. Daily in the face of beating storms, through ice and snow and over wind-swept roads, employees carry on—for on them is the responsibility of preventing an interruption of the unfailing gas service you have come to expect.

UMBARGER, TEXAS

Seventh Annual M. S. F. Banquet Tuesday Night

The banquet of the Methodist Student Federation, held in the basement of the Methodist church on Tuesday evening, was an occasion on which the widespread influence of Canyon church activities was shown beyond a doubt.

At this banquet, which was the seventh for the organization, messages were received from seven of the nine former presidents; these greetings were broadcast to the 135 banqueters through the kindness of Mr. Allen Farlow, who used his broadcasting set for the occasion. Those from whom messages came were Mrs. J. L. Henson (formerly Jessie Green), first president of the Methodist Student Federation; O. E. Thomas, now of Grapevine, Texas, who was president, 1925-1926; Miss Ruth Anderson, now of Nashville, Tenn.; Miss Ruth Augspurger, formerly of Tulsa, now of Rittman, Ohio; Miss Lottie Hennigh of Higgins; Virgil Gore of Canyon; Lola V. McIlheny of White Flat; Miss Ruth Sowers,

who is doing graduate work in Columbia university this year, and who sent her message on a speaker phone record. Each of these represents a student group of from three to four hundred, all of whom were identified during their college days with the Methodist church of Canyon.

The banquet Tuesday night was prepared and served by the Methodist Missionary Society, of which Mrs. A. W. Sternberg is president.

The program was varied; Rev. D. B. Doak of Plainview was the principal speaker, taking as his subject "Service," from the last letter of "Keys," the theme around which the speeches were planned. Hubert Thomson, Dorothy Gore and Edna Lawlis were other speakers whose names appeared on the printed program. Rev. M. M. Beavers, presiding elder of the Plainview district and former pastor of the Canyon church, was present and spoke several times in his informal way. Messages were received from Mrs. T. C. Delaney, former director of student work for the church here, and from Rev. W. E. Hamilton, former pastor.

An unexpected pleasure of the evening was the presence of Dr.

and Mrs. W. P. Garvin. Dr. Garvin is pastor of the San Jacinto church in Amarillo. Mrs. Garvin is recording secretary of the Women's Missionary Society of the Northwest Texas Conference, through which much of the work with the college students is made possible. Mrs. Garvin spoke of the great number of people who are interested in the work with students at Canyon, and pledged the continued interest and assistance of the Society which she represented.

Miss Sinclair Rice, a senior in the College, was toastmaster. Alfred Jameson sang a solo. The program was so skillfully arranged that everyone took part in songs or stunts or yells.

To the young people of the Methodist church of Canyon this is one of the most important events of the school year.

Miss Mattie Mae Swisher has charge of the young people's activities.

AMERICA'S FOUNDATION
Not in the soft and easy years has America been built; not out of sunshine and luxury have its great characters been formed.

A GREAT AMERICAN

Edward Bok came to this country from Holland at the age of six. He died the other day at 66. In his sixty years of life in America he set an example of Americanism which every native-born citizen would do well to emulate.

No more inspiring record of a man's life has ever been written than Bok's own autobiography. "The Americanization" of Edward Bok" ought to have a place in every school library; it should be required reading in every course in civics.

It is the fashion among the critics who sneer at everything which has made America great to belittle Bok and his work. He did more than any other man to make American homes more beautiful, American family life more attractive, to establish new and higher standards of good taste and to turn the minds of Americans toward the appreciation of beauty and culture in all forms. All this as the editor of a woman's magazine. But he made a fortune and that, of course, is the unpardonable sin in the eyes of the unsuccessful and the incompetent!

Seventh Annual M. S. F. Banquet Tuesday Night

The banquet of the Methodist Student Federation, held in the basement of the Methodist church on Tuesday evening, was an occasion on which the widespread influence of Canyon church activities was shown beyond a doubt.

At this banquet, which was the seventh for the organization, messages were received from seven of the nine former presidents; these greetings were broadcast to the 135 banqueters through the kindness of Mr. Allen Parlow, who used his broadcasting set for the occasion. Those from whom messages came were Mrs. J. L. Henson (formerly Jessie Green), first president of the Methodist Student Federation; O. E. Thomas, now of Grapevine, Texas, who was president, 1925-1926; Miss Ruth Anderson, now of Nashville, Tenn.; Miss Ruth Augspurger, formerly of Tulsa, now of Rittman, Ohio; Miss Lottie Hennigh of Higgins; Virgil Gore of Canyon; Lola V. McIlheny of White Flat; Miss Ruth Sowers,

who is doing graduate work in Columbia university this year, and who sent her message on a speaker phone record. Each of these represents a student group of from three to four hundred, all of whom were identified during their college days with the Methodist church of Canyon.

The banquet Tuesday night was prepared and served by the Methodist Missionary Society, of which Mrs. A. W. Sternberg is president.

The program was varied; Rev. D. B. Doak of Plainview was the principal speaker, taking as his subject "Service," from the last letter of "Keys," the theme around which the speeches were planned. Hubert Thomson, Dorothy Gore and Edna Lawlis were other speakers whose names appeared on the printed program. Rev. M. M. Beavers, presiding elder of the Plainview district and former pastor of the Canyon church, was present and spoke several times in his informal way. Messages were received from Mrs. T. C. Delaney, former director of student work for the church here, and from Rev. W. E. Hamilton, former pastor.

BAPTIST LADIES MEET

Mrs. W. E. Lockhart was hostess to the W. M. U. Tuesday afternoon at 3 o'clock.

The devotional was led by Mrs. B. F. Fronabarger reading from the eleventh chapter of Matthew. "Even So" was the topic of her discussion.

Mrs. R. T. Bowman was leader of the lesson (Foundation Stones). The topics given were Laborers Together, Study, Prayer, Personal

Service, and Stewardship. After a business session conducted by the president, Mrs. J. S. Humphries, the hostess served a dainty refreshment plate to 18 members.

METHODIST MISSIONARY SOCIETY

The Methodist Missionary Society will meet next Tuesday afternoon, February 4, in the ladies' parlor of the Methodist church. The program will be vocal.

Business Announcement

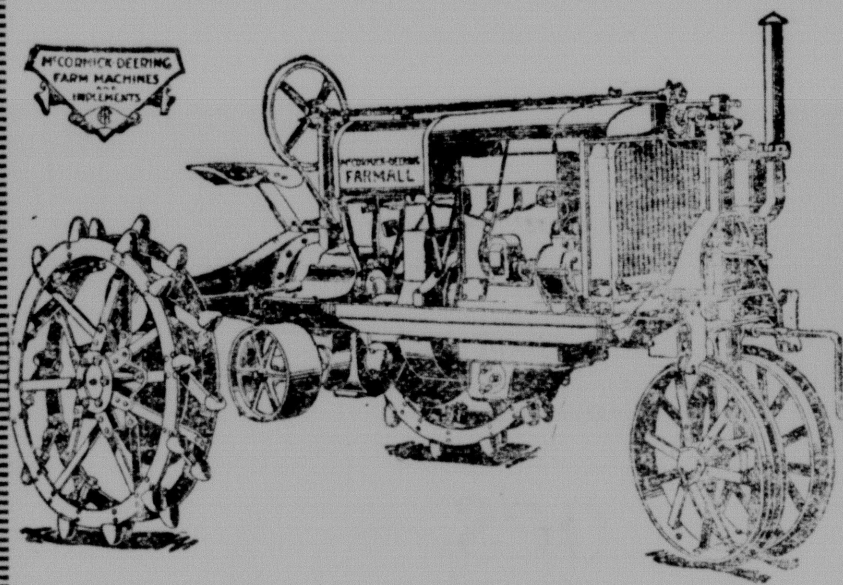

The services of

Miss Jessie Hillin

formerly with the San Jacinto Beauty Shop of Amarillo, have been secured for this shop.

She does all kinds of beauty work, including Frederick and Eugene Permanent Waving.

Your patronage is appreciated.

Elite Beauty Shop**Performance**

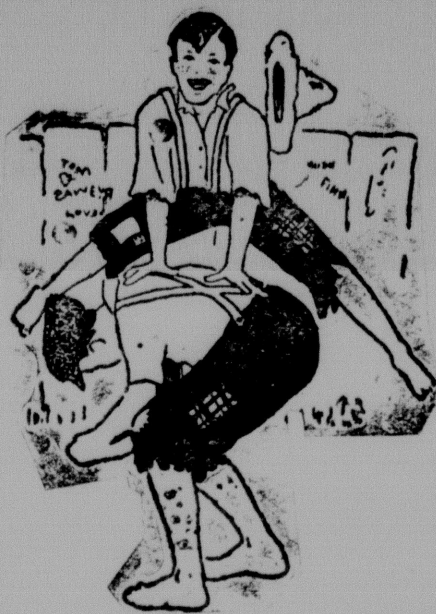

and the ability to do your farm tractor work quickly and economically is the thing that counts.

I. H. C. Farmalls

will do this to your complete satisfaction. The efficient operation, the simplicity of design, the abundance of power of the FARMALL engine will instantly appeal to you. FARMALLS have been in constant use since 1924, the experimental stage has been left far behind, it is a tried and proven product of the great International Harvester organization. We have just received a car of these tractors for the enterprising farmers of our community. Let us show you the superior points of construction and operation of this tractor.

Thompson Hardware Co.**Huck Finn, Tom Sawyer Find Gold and Go to Circus**

The Marionettes are almost three thousand years old, but never before in the history of the American theater has a company presented a Marionette scene as complicated as the circus scene in the play "The Adventures of Huckle-

berry Finn," from the book of the same title by Mark Twain, presented by Jean Gros' French Marionettes.

In this scene is to be found a juggler juggling two balls, instead of one that has been attempted heretofore, a trapeze performer necessitating the use of 45 strings and the attention of four people. So complicated is this last figure that the rhythm of the four actors must synchronize perfectly with the music which is played during the offering. There is also a strong man employing 20 strings and countless other figures, which come on with such rapidity of sequence that the audience marvels how such a thing can be.

Mr. Jean Gros, the producer, has provided the play with a beautiful setting, six scenes perfect in color, lighting, properties, and the other needs that a play demands.

"The Adventures of Huckleberry Finn," by Mark Twain, is to appear at the College Auditorium Feb. 19 under the American W. T. S. T. C. Association of University Women.

NOTICE

When a community utilizes a man's time and energy, the man is entitled to sufficient pay to enable him to enjoy food, shelter, health, clothing and other necessities of life.

Every physician worthy of the name is entitled to sufficient income to meet a personal budget that will enable him to do the work that is demanded of him with some degree of comfort and satisfaction and with the least possible worries of a financial nature.

My patrons who owe me will please govern themselves accordingly. It takes plenty of money to do what I am doing.

Yours for better service,
C. E. DONNELL, M.D.

CARD OF THANKS

We desire to express our deep appreciation to our neighbors and friends who so willingly came to our aid during the illness and passing of our husband and father.

We take this means of thanking each and every one for their kindness and sympathy. Also for the beautiful floral offerings. May God's richest blessings rest on all.

Mrs. J. B. Hensley and Son,
Mrs. N. E. Gass
Mrs. Amos Ellison
Mrs. Linn Heiser.

JUNIOR WOMEN'S BOOK CLUB

The Junior Women's Book Club met in regular session Monday afternoon with eight members present.

A very interesting discussion on the Panama Canal was given by Mrs. Andy Walsh.

The club is planning to increase the interesting features of the programs and to make them longer.

Come and see a full line of MAJESTIC RADIOS.—Burroughs.

FINAL NOTICE!

All dog owners are hereby notified that a tax must be paid on all dogs in Canyon, not later than January 31.

Dogs which have not had license paid on them will be killed.

FRANK HICKS
Chief of Police.

THE UNCONSCIOUS ARSONIST

Some millions of Americans are unconscious arsonists.

This is a startling statement, and any one of the millions would angrily deny it. Yet it is true. None of them purposely set fires. But all of them, through ignorance or carelessness, unconsciously start fires.

The difference between the man who consciously fires a house, and the man who allows wiring to go unattended, throws oil soaked rags in corners or drops his matches and cigarettes wherever he happens to finish with them, is one of law and motive, not of effect.

We are, with increasing success, fighting the active arsonist, and when he is caught he is imprisoned for long terms. The unconscious arsonist is beyond the law and destroys more lives and property than the deliberate arsonist.

Every fire hazard imperils the entire community. A fire starting in a disused garage may destroy a million dollar factory. Are you an unconscious arsonist?

THE EAGLE'S TALE

VOLUME NO. 4

CANYON, TEXAS, JANUARY 30, 1930.

NUMBER 17

P. T. A. Meet In Auditorium Here Thursday

The High School Parent Teachers Association met last Thursday with the College P. T. A. as their guests.

Dr. Albert Barnett gave an interesting speech on the thrift of time. Miss Northington spoke on feeding and clothing a child. Both talks were very instructive and both speakers are members of the West Texas State Teachers College faculty.

After the program refreshments were served to approximately fifty people.

The P. T. A. in Canyon has been growing steadily for the past year and it is hoped that the membership will increase and that more members will be present every fourth Thursday in 1930.

The P. T. A. is built and maintained as a medium through which the parents may become more closely associated with their children's teachers in order that they may learn the standing of their child in school.

There is an urgent need for this work in all Canyon and in order to put this move over, more fathers and mothers must become interested.

Eagles Split Games With White Faces On Hereford Court

The Eagle girls were victorious at Hereford Friday night with a score of 26-21. They did some good playing and Canyon High is mighty proud of them. Nellavee and Polly Wilson did some good goal shooting, while Mae Miller and Florine Bowman, kept the ball at the right end of the court. If it had not been for the good guards, "Bib" Jameson and Ruth Greenfield, the score would probably have looked different.

The boys suffered their first defeat of the year. The score was 22-16. As a whole, the game was rough and slow. The boys were rather "off." We all hope that the next game with the White Faces, here Feb. 7, will show a much more favorable score for the boys.

Intelligence galore! So has it been for the past week in Canyon High. Each student has had his intelligence measured to the last atom by the tests Mr. Carruth has been giving. An hour is required for each test. Questions on every conceivable common place subject are included. Here's hoping Canyon High has a high mentality rate.

Ward School Notes

Mrs. Pennington, first grade teacher from Plainview, observed in the two first grade rooms Monday.

Junior Band Progresses

The thirty-one members of the Junior Orchestra have progressed rapidly in the three months of faithful work under the supervision of Miss Strain.

The Band consists of sixteen violins, eight cornets, three trombones, five clarinets, one alto and two drums. Eight students are practicing to play the two drums.

They started in the same book that the senior band did last year and seem to get along very well. The class is entirely elective, having no charges. They meet twice a week in several sections due to the arrangement of the school.

Miss Strain said they hope to play together near the last of the year. They also want to play once or twice with the senior band.

When they appear in public they hope to increase the appreciation of music by the student body.

Seventh Grad Wins by Close Margin

At Thursday noon Jan. 21, the Sixth Grade girls were defeated by the score of 12 to 9. Although the seventh graders won, they had a hard time. And what made things harder, one of the forwards on each team was unable to play because of sudden sickness.

The third quarter found the seventh grade way ahead. The rosters pepped up the team until it seemed like the sixth grade might win.

Both sixth and seventh grades have good team and hope to win some games for the Canyon High School in a few more years.

Miss Crawford's room entertained Mrs. Hamill's group with a health play. The play was greatly enjoyed.—Reported for Ward school by Amor Lee Greenfield.

Civics Clubs

Civics pupils of the seventh grade organized into two civics clubs last week. Laura Irene Brian was chosen president of the Humming Bird Club and Wesley Williams of the Friday Morning club. The time for the meetings of these clubs is during the civics class period Friday Mornings. On this day, debates and special programs will be given.

Last Friday in the Humming Bird Club, the constitution was read, which had been written by the following committee: Earl Diche, chairman; Thomas Zeigler, and

CACTUS CAL

"Listen, mister," says I. "I was born fightin' and—"

"Yes, and you're liable to dies the same way," says he, as he starts crawlin' out from under his coat. Well, you know, I wasn't scared, but I just thought that—I had better go. I'm inclined to believe that in a case like that it's not cowardice, but it is discretion. One of the most disgusting things on earth is cowardice. I've seen people go around the block to keep out of a fight. Never do that. Hide 'till he gets by and save time and energy. Then if you feel lucky, paste him with a brick when he gets by. I'm not giving you a lecture on cowardice, no sir, although I am a pretty good authority on the subject. I'm just giving you a little friendly advice, which you may need as soon as Hereford comes down here to play ball. They think they can beat us again, and maybe they can, but I don't think so. And I'm not so sure than any of them can as far as that's concerned. Just because they beat somebody in that little old cracker box over there they think they can play basketball. Maybe so, but I'm not so sure they can. Wait 'till we string that bunch out once on a gym and watch 'em go under.

Maxine Wallace, helpers. This paper was adopted by the members of the club and officers were chosen as follows: Laura Ferne Brian, president; Amor Lee Greenfield, vice president; Lena Wade Jennings, secretary; Gailen Porter, Helen Hardman and T. V. Slack, program committee; Virginia Burkan, Eugene Davis, and Lois Rowell, committee to visit the sick; Maxine Wallace, Inez Drummond and Alton Brazuel, decoration committee.

A similar meeting was held by the Friday Morning Club. Lucius Penick wrote the constitution which was accepted and Wesley Williams was chosen president, while Francis Elliston as vice president, and Mary Dowlen as secretary, were elected, too.

Miss Donnell is sponsor of these clubs and the main object is to learn more of the government of the United States, and make better citizens of the boys and girls in the seventh grade.—Reported by Seventh Grade Reporter.

Eighth Defeat Seventh
The eighth grade basketball team defeated the seventh grade team in basketball with a score of 16 to 8, Jan. 25. They played in the Ward School gym.

The players on the seventh grade team were, John Stratton and Wesley Williams, forwards; Francis Elliston, center, and Edward Caba and Wilson Hicks as guards. Ray Miller and Alton Brasuel were substituted as guards in Wilson Hick's place.

Joe Collins and Robert Black were forwards, Truett O'Donald, center and George Brasuel and J. M. Black were guards. Julius Glover was the substitute in J. M. Black's place.

This was the first time the seventh grade has been beat this season. They are going to work harder than ever and not let it happen again.—Seventh Grade Reporter.

Much Enthusiasm Shown Over Declamation Contest

A great deal of interest has already been shown in the four Public Speaking Contests. The cast for the one-act play has not been announced, but rehearsals for this will begin soon.

About ten people have already signed up for debate and have begun work on the question, resolved: That the Sterling plan for financing highways should be adopted in Texas. Mr. Wayne Eubanks from the Public Speaking department of the college, is coaching the debates. He expects to turn out some championship teams.

There are four divisions of the declamation contests: a separate division for boys and girls in both grade and high school. Twenty-five students have indicated their interest in this contest.

There have been a few entries in the extemporaneous speech contest. All people interested in this contest, or any other, should put in their names at once, because the time is none too long.

The elimination contests at this school will be held sometime in March. Then the winners from Canyon will compete with the other schools in this district April 18, and 19. Let's make C. H. S. a winner at the contest.

The Girl Scouts met at the regular time, Saturday. Instruction was given to tenderfoot pupils. Rosa Cash passed her tenderfoot test. The five tenderfoot questions asked were fully answered. Rosa is now classed at a real girl scout.

Curtain Given By Seniors to be Up by Last of February

Fifteen rahs for the honorable Seniors of '30! And why? Well, if you just must know, this class has at last received a contract which in very long words declares that the beautiful purple curtain, which will be the seniors gift to dear old C. H. S. this year will be "up" by the last of February. That means that the seniors at least have a little common sense because they will get to make use of their own gift during the remainder of their school days in Canyon Hi. As most townspeople know, the school was in great need of a new curtain for the stage, and for this reason the seniors are very proud of their choice.

The curtain will be royal purple. The valance will be trimmed with metallic fringe and in the center will be the letters, C. H. S.

WASTE BASKETS IN HALLS

Have you noticed the new green waste paper baskets in the halls of the high school building? They are very pretty as well as useful. On the sides of the baskets are written "Push!" All you have to do is push and in goes the paper. The students have found so much pleasure in playing with these new "toys" that the halls are kept perfectly free from paper and trash.

We hope that by the time the novelty of the new device is gone, the students will have formed the habit of using them to such an extent that they will continue to keep the halls free from waste paper.

New Trophy for Man Judged as Football Ideal

The Balford Company, from whom the seniors bought their rings, presented a silver plated trophy to Canyon High recently. The trophy is a miniature statue of a charging football man.

This trophy will be given to the football letter man who is adjudged by Coach Spann, two members of the faculty, a senior and a junior to be the best in scholarship, loyalty and achievement. His name will be engraved on the trophy and next year the next man who is judged best receives it.

It is hoped that the athletic standards of Canyon High will be raised to the highest degree in the coming years.

NEW SONG BOOKS ORDERED

It won't be long now until the Canyon Hi students will be heard raising their voices in song, for there has been a hundred new song books ordered for the school.

AGENT FOR CONTINENTAL OIL COMPANY'S PRODUCTS

"Penetrative Lubricity" MEANS

1. Freedom from Friction.
2. A "Carry-Over" Film by Metal Penetration.

TO lubricate, an oil must decrease friction between metal surfaces. A motor oil does this by separating the metal surfaces, and theoretically keeping them separated under all operating conditions. It may amaze you to know that many oils frequently fail to do this.

Think how this "separation" of moving parts is accomplished. The oil forms a wall or "film" between opposing surfaces . . . and it is upon this film that the reputation of every oil must rest. The film is thin, of course, for it must ride in the tight crevices of bearings, cylinder-walls, etc. . . . But it must also be of extraordinary strength . . . it must cling tenaciously . . . or the pressure of your motor will squeeze and hurl it from the vital points that must be kept separated.

Penetrative Lubricity . . . The New Gauge of Motor Oil Merit

Penetrative lubricity is the outstanding characteristic of the new Conoco Germ-Processed Motor Oils. This characteristic is the direct result of Germ-Processing.

You must know this story of Germ-Process. Briefly, it is the patented result of 16 years' experimentation by the British scientists, Wells and Southcombe. Back in 1901, when everything of fundamental importance was known about the refining of mineral oils . . . these two scientists foresaw that additional improvements must be made, in order to keep lubricants abreast of the future development of the "gasoline buggy."

They knew that animal and vegetable oils

were "oilier" than mineral oils could ever be, but were impractical for use in internal combustion motors which operated at high temperatures.

Finally the Germ-Essence, containing the "oily" property lacking in mineral oils, was isolated. And a method was devised for combining this essence with highly refined mineral oils.

Only Conoco Oils Are Germ-Processed . . . This Gives Them Penetrative Lubricity

Continental Oil Company now owns the exclusive right to Germ-Processing for North America. Only with these new oils can you secure a fracture-proof film which actually penetrates the metal surfaces of your motor! What does this mean? . . . It means that the all-important film no longer may be hurled and squeezed from moving parts. The Germ-Essence carries the oil into every minute crevice . . . into the very metal itself. And there it clings—clings when the heat of high speeds seeks to scorch and drive it away . . . clings when bearings try to squeeze it out . . . clings, too, when you stop your motor. And this is most important . . . for the oils you are now using drain away as the motor stops, and require 5 to 15 minutes to resume their guard duty when you next tread on the starter. That's why 40% to 60% of your motor wear occurs in those first minutes of operation.

Save your motor by the use of this new oil. Introduce it to Conoco Germ-Processed oils today at the sign of the Red Triangle.

USEFUL HINTS FOR CUTTING GAS BILLS

Before baking potatoes, let them stand in hot water for 15 minutes. If this is done, only about half as much gas will be required to bake them.

Green vegetables cooked in a small amount of water require less gas and retain their mineral salts, color and flavor to a greater degree.

It is wasteful to use the giant burner for boiling. Too rapid boiling increases evaporation, but saves no time in cooking, since water cannot be heated beyond the boiling point.

Too hot an oven produces large holes in quick breads. Five to eight minutes will heat the gas oven for most mixtures, and ten minutes for biscuits.

The life of a gas range depends upon the care given it. Every part should be kept clean if it is to operate most economically an efficiently.

Wayside Items

The weather has moderated quite a bit. The snow is almost gone, wind from the east, and quite cloudy. Roads are bad after thawing.

Rev. J. H. Plant, wife, and Jack, Jr., were with us Sunday. Rev. Mr. Plant delivered good sermons both morning and night. We like them fine. Inclement weather, presumably, prevented full attendance.

On the sick list are Mrs. Julia Howard, Mrs. Bessie Lane, Charming Glennie Franklin, Mrs. Etta Gillham.

J. E. McGehee and wife motored to Lubbock Saturday night to visit her mother, Mrs. Etta Gillham, who had been confined to her bed a week. Finding her improved, they returned Sunday night.

W. G. Franklin and W. R. Franklin made a trip to Canyon Saturday on business.

John T. McGehee and wife arrived in Happy Sunday night from Temple, Bell county, Texas. W. R. Stockett and wife did not return with them, there being not much change in Mrs. Stockett's condition. All are pleased with their new location, it is believed.

J. T. McGehee and Mrs. Jewel Knox McGehee were married in Tulsa last Thursday, January 23. Our best wishes attend them upon the journey through life.

Willis Fisher and J. R. Stockett left Tuesday morning for Los Angeles in the former's car. Mr. Fisher makes the trip on business.

Mrs. Bertha Payne, Miss Marcella Spann and Miss Naomi Knox of Plainview spent Monday afternoon with Mrs. Clara McGehee. They filled out the year books for the Wayside Club for the present year. The club meets with Mrs. Clara McGehee next Monday afternoon.

Elvin Wesley spent the week end with his parents.

J. W. Wesley made a business trip to Amarillo Monday.

Mr. and Mrs. Cellum and Miss

Retain Your Good Looks

How frequently a woman thinks, "Am I still attractive?" How much thought and study she devotes to her looks! That's natural. A woman hates to think she is growing day by day less charming and attractive. DR. PIERCE'S FAVORITE PRESCRIPTION helps to preserve in a woman the charm and health of youth. It contains no harmful ingredient. This splendid herbal tonic is sold by all druggists in both fluid and tablet form.

Write to Dr. Pierce's Invalids Hotel, Buffalo, N. Y., if you desire free medical advice. For 10c Dr. Pierce will send you a trial package of tablets.

Write to Dr. Pierce's Invalids Hotel, Buffalo, N. Y., if you desire free medical advice. For 10c Dr. Pierce will send you a trial package of tablets.

Lane of El Paso visited Sunday with their cousin, Mrs. J. W. Bird. Miss Marie Hancock spent the week end with her parents at Red Hill.

Mr. and Mrs. Otto Langston, Lee Wesley, Cricket Wesley, H. H. Sutton, Argel Brawner and Frank Rogers visited Sunday with Mr. and Mrs. H. E. Wesley.

Jowell News

Everyone welcomes the warmer weather of this week.

Mr. and Mrs. F. E. Culp and children returned last Wednesday from Nebraska. They encountered so much snow in Oklahoma that they left their car and came via train.

Mrs. Brigham and daughter of Fort Worth are visiting at the home of her parents, Mr. and Mrs. H. Garvin.

Mrs. Liebarger and children of Matador have moved in on Mr. Hardin's farm.

Mr. and Mrs. Dooley and children visited at the Henry Burtz home in Canyon, Saturday night. J. L. Irlbeck and family visited relatives at Nazareth, Sunday.

Mrs. Ed Hawkins returned from a visit with relatives at Panhandle.

Louis Irlbeck and son Paul made a business trip to Canyon, Monday.

Mr. and Mrs. Earl Davis and mother, Mrs. J. E. Davis, reached their destination in the Rio Rio Grande Valley last week O. K. but Mrs. J. E. Davis was very

tired and ill.

The enrollment of Geneva and Emma Fay Liebarger at school Monday brought the number to 16 at our school.

Mr. and Mrs. Dooley and children spent Sunday evening with Mr. and Mrs. C. P. Robertson.

Leroy Leavitt is assisting Mr. H. Garvin this week.

Lois Hayes is on the sick list this week.

Talking motion pictures are proposed by a minister to swell the attendance in the churches. Maybe one plan might be to offer a course of golf lessons on Sunday mornings.—Palm Beach Post.

The esteemed Literary Digest is worried lest long skirts will increase traffic accidents, because the women can't move with their accustomed freedom of limb, but we believe that hazards will be offset by the men having their minds set more on driving than formerly.—Ohio State Journal.

USEFUL HINTS FOR CUTTING GAS BILLS

Before baking potatoes, let them stand in hot water for 15 minutes. If this is done, only about half as much gas will be required to bake them.

Green vegetables cooked in a small amount of water require less gas and retain their mineral salts, color and flavor to a greater degree.

It is wasteful to use the giant burner for boiling. Too rapid boiling increases evaporation, but saves no time in cooking, since water cannot be heated beyond the boiling point.

Too hot an oven produces large holes in quick breads. Five to eight minutes will heat the gas oven for most mixtures, and ten minutes for biscuits.

The life of a gas range depends upon the care given it. Every part should be kept clean if it is to operate most economically and efficiently.

Wayside Items

The weather has moderated quite a bit. The snow is almost gone, wind from the east, and quite cloudy. Roads are bad after thawing.

Rev. J. H. Plant, wife, and Jack, Jr., were with us Sunday. Rev. Mr. Plant delivered good sermons both morning and night. We like them fine. Inclement weather, presumably, prevented full attendance.

On the sick list are Mrs. Julia Howard, Mrs. Bessie Lane, Charming Glennie Franklin, Mrs. Etta Gillham.

J. E. McGehee and wife motored to Lubbock Saturday night to visit her mother, Mrs. Etta Gillham, who had been confined to her bed a week. Finding her improved, they returned Sunday night.

W. G. Franklin and W. R. Franklin made a trip to Canyon Saturday on business.

Mrs. S. H. Jones has been gone from home three weeks, visiting her sister at Nocona, and her brothers at Forestburg, Bowie, and Megargle. She is expected back soon.

Help Keep Canyon Clean.

THE MODERN "MAN ON HORSEBACK"

At a dangerous corner in New York City where two street car lines cross at an angle in front of a subway station and heavy traffic complicates an already difficult situation, stands a large sign in the shape of a tombstone. It reads "Sacred to the Memory of 1,846 persons killed by automobiles in the city this year." The number is changed every day. It never grows smaller; the dead do not come back to life.

Ohio for some years marked the scene of every fatal accident on a state highway with a white cross. It is reported that the state has abandoned this practice; the crosses became too thick in some spots. This is a step in the wrong direction. Warnings like that may be disregarded and usually are by most motorists, but enough drivers will be shocked into at least temporary caution to be more careful at that particular spot.

It is not merely for the protection of drivers and their passengers that such warnings are needed. The man on foot still has first rights on the highway, and his life is as valuable as that of the man who rides. Out of all the immense toll of motor deaths in 1929, nearly a third were of pedestrians struck by automobiles.

In the old feudal days in Europe the man on horseback felt that he was superior being, and the poor people who had no horses had to agree with him or be ridden down.

One of the things our fathers came to America for was to change all that. It would almost seem as if we were losing ground. There is something about driving a car which makes many persons utterly reckless of the rights of others. That these reckless ones are not always very young and are not necessarily intoxicated, only makes the situation all the worse.

PREDATORY FLOWER HUNTERS

Ruthless destruction of flowers has gone to the point where even the cactus is feeling the effects of too much admiration and a movement is now on foot to save it similar to that in behalf of wild flowers.

INCREASING OUR SPEED

Applications to the government Patent Office for new patents, designs and trademarks have increased almost fifty per cent in average yearly volume since the war.

PUBLICITY

It is said that there are twenty-eight mountains in Colorado that are higher than Pike's Peak. Can you name any of them? Neither can we. But we have all heard of Pike's Peak because it has so much publicity. So Pike's Peak gets all the business and the other twenty-eight higher peaks just stand around or sit or whatever a peak does and, we imagine, complain that business is poor and wonder why people flock to Pike's Peak, and still they refuse to believe in publicity. Some merchants are like Colorado mountains.

Help Keep Canyon Clean.

THE MODERN "MAN ON HORSEBACK"

At a dangerous corner in New York City where two street car lines cross at an angle in front of a Subway station and heavy traffic complicates an already difficult situation, stands a large sign in the shape of a tombstone. It reads "Sacred to the Memory of 1,846 persons killed by automobiles in the city this year." The number is changed every day. It never grows smaller; the dead do not come back to life.

Ohio for some years marked the scene of every fatal accident on a state highway with a white cross. It is reported that the state has abandoned this practice; the crosses became too thick in some spots. This is a step in the wrong direction. Warnings like that may be disregarded and usually are by most motorists, but enough drivers will be shocked into at least temporary caution to be more careful at that particular spot.

It is not merely for the protection of drivers and their passengers that such warnings are needed. The man on foot still has first rights on the highway, and his life is as valuable as that of the man who rides. Out of all the immense toll of motor deaths in 1929, nearly a third were of pedestrians struck by automobiles.

In the old feudal days in Europe the man on horseback felt that he was superior being, and the poor people who had no horses had to agree with him or be ridden down. One of the things our fathers came to America for was to change all that. It would almost seem as if we were losing ground. There is something about driving a car which makes many persons utterly reckless of the rights of others. That these reckless ones are not always very young and are not necessarily intoxicated, only makes the situation all the worse.

PREDATORY FLOWER HUNTERS

Ruthless destruction of flowers has gone to the point where even the cactus is feeling the effects of too much admiration and a movement is now on foot to save it similar to that in behalf of wild flowers.

INCREASING OUR SPEED

Applications to the government Patent Office for new patents, designs and trademarks have increased almost fifty per cent in average yearly volume since the war.

PUBLICITY

It is said that there are twenty-eight mountains in Colorado that are higher than Pike's Peak. Can you name any of them? Neither can we. But we have all heard of Pike's Peak because it has so much publicity. So Pike's Peak gets all the business and the other twenty-eight higher peaks just stand around or sit or whatever a peak does and, we imagine, complain that business is poor and wonder why people flock to Pike's Peak, and still they refuse to believe in publicity. Some merchants are like Colorado mountains.

A NEW ERA IN ENTERTAINMENT

The FOOD for all AGES

Descended from the sun's energy, milk, like the sun itself, is a reservoir from which man may draw infinite strength. The baby is enabled by milk to take its first grasp on life; the growing child drinks in vitality with his milk; the young man and woman are sustained by milk in their early struggles for a foothold; the mature man and woman rely on milk for stamina. A universal food, milk is at its pure best when labeled . . .

New Beauty for the New Ford

THE NEW FORD TOWN SEDAN

In the Town Sedan you see a distinguished example of the unbroken sweep of line which adds so much charm to all the new, roomy Ford bodies. Radiator, hood, cowl, lower roof line, fenders, wheels — every point of design reflects the new style and beauty that have been placed within the means of every one. All of the new Ford cars are finished in a variety of colors.

ANOTHER STEP FORWARD

THE introduction of the new Ford bodies has set a high standard of motor car value.

From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of line—a flowing grace of contour gaining added charm from the rich and attractive colors. “ “ “ “

You will take a real pride in the smart style and fresh new beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production. New beauty has been added to outstanding performance. “ “ “ “ “ “ “ “

A feature of unusual interest is the use of Rustless Steel for the radiator shell, head lamps, cowl finish strip, hub caps, tail lamp and other exposed metal parts. This steel will not rust, corrode or tarnish and will retain its bright brilliance for the life of the car. Here, as in so many other important details, you see evidence of the enduring quality that has been built into the new Ford. “ “ “ “ “ “

Roadster, \$435	Phaeton, \$440	Coupe, \$500	Tudor Sedan, \$500	Sport Coupe, \$530
Two-window Fordor Sedan, \$600	Three-window Fordor Sedan, \$625	Convertible Cabriolet, \$645	Town Sedan, \$670	

(All prices f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra.)

Amazed! Way Tanlac Relieves Stomach Troubles

For years the remarkable results obtained from Tanlac in the treatment of general rundown conditions have amazed its users, but most surprising of all is the quick relief this remarkable medicine gives in cases of "rheumatism" and stomach ills that yield to nothing else.

Men and women who thought themselves beyond human aid, who suffered for years with pains from stomach and bowel troubles, neuritis, chronic headaches, dizziness, sleeplessness, constipation, who saw themselves daily going down into a sickly early old age have through the amazing stimulating and cleansing action of this REAL MEDICINE, Tanlac, found themselves once more in the possession of a strong healthy stomach and a body free from pain. One user says, "I suffered tortures from muscular rheumatism but after taking Tanlac for a couple of weeks I was over the rheumatism, my kidneys acting fine, my digestion in apple-pie order." Try it—get a bottle from the nearest druggist. Satisfaction guaranteed or money back. Accept no substitute.

SAVE BABY CHICKS

They are your future potential profits, but if you let them die for the lack of proper protection, you are throwing your money away.

Use Buckeye Brooders

to insure the protection the baby chicks need. You will find that it will repay you well.

We have both coal and oil burning types in stock for immediate delivery at reasonable prices.

Green Will Speak In Atlantic City at Nat'l Ass'n Soon

Behavior problems is the subject of the address to be delivered by Mrs. Geraldine Green, dean of women, before the National Association of Deans of Women, which meets in Atlantic City, N. J., February 19.

For three consecutive years Mrs. Green has delivered addresses to this body on some phase of the relationships between rules and regulations and discipline problems.

Immediately after the meeting of the National Association of Deans of Women in Atlantic City the superintendent's department of the National Education Association and the American Association of Teachers Colleges are to hold conventions in the same city. Mrs. Green will attend meetings of these two associations before returning to Canyon.

BUFFS TO MEET SUL ROSS IN T.I.A.A. MEET

BUFFS HAVE PLAYED MORE
CONFERENCE GAMES THAN
OTHER SCHOOLS IN T. I. A. A.

Friday and Saturday, the West Texas Buffaloes will defend their conference standing against the Sul Ross Lobos of Alpine. This will be the 7 and 8 conference games for the Herd, and to date they have played more conference games than any school in the T. I. A. A.

The Buffs defeated Sul Ross while on their tour, but Coach Burton says that will not count anything, for the Lobos are coming to seek revenge, and according to reports they are considerably stronger than they were three weeks ago. Sul Ross has just sent South Texas Teachers home with the low end of a conference game.

Coach Burton refuses to make any statement as to W. T.'s conference title. All that he will say is that Sul Ross will be here next Friday and Saturday. This week will find the buffaloes going thru their hardest workouts in preparation for the Lobos.

CHRISTIAN ENDEAVOR

Next Sunday is world-wide Christian Endeavor Day, the forty-ninth anniversary of the first Christian Endeavor Society. On that night, at the regular 6:30 hour, a special program will be given to which adult members of the church and other visitors are especially invited to come.

The program will be:
Topic: How May Endeavorers Crusade With Christ?
Leader, Ileta Grant.
Music prelude.
Song, 95.
Scripture reading: Romans 12:1-9.
Prayer.
Special song, Janet Holmes.
Leader's talk.
"Crusading for Christ in the Church," Rev. A. K. Scott.
Piano solo, Jennings Flatthers.
"Crusading for Christ in the Community and World," Winston Savage.
Reading, Dorothy Harris.
Song, 145.
Benediction.

Agriculture Class Spends Laboratory Period at Farm

Mr. T. M. Moore's "animal disease class" spent their laboratory period Wednesday afternoon at the College Farm. The class butchered a young beef and studied the different parts of the anatomy, paying especial attention to the organs of the digestive system and their susceptibility to diseases.

The class, while studying the digestive system of the calf, cut a cross section of the walls of the four stomachs in order to study the function and structure of each. These cross sections were unusually good ones, clearly showing the structural walls of the membrane linings, and the folds of each. The specimens were brought back to the agricultural laboratory and preserved by members of the class.

Mr. F. R. Phillips, head of the agricultural department, says that the specimens are the best he has seen in some time. Anyone wishing to view the specimens can find them in the agricultural laboratory, room 15.

How can they do it at the price?
—Burroughs.

BAPTIST CHURCH

The pastor will begin a special series of Sunday morning sermons Sunday. The general topic will be "Life's Tomorrows."

February 2, 11 a. m., "Why Should I Shrink? An Investigation Into the True Nature of Death."

February 1, 11 a. m., "Does Death End All? A Discussion of the Immortality of the Soul."

February 16, 11 a. m., "Shall We Know Each Other Over There? An Inquiry Into Heavenly Recognition."

February 23, 11 a. m., "With What Body Do They Come? A Study of the Resurrection."

March 2, 11 a. m., "Who Shall Be Able to Stand? A Consideration of the Day of Judgment."

March 9, 11 a. m., "Jerusalem the Golden. A Contemplation of the Glories of Heaven."

March 16, 11 a. m., "Is Punishment Eternal? An Inquiry Into the Final State of the Wicked."

Death and the life beyond have ever been vital problems of the human soul. In these messages it is the hope of the pastor to rob death of some of its sting, and to make the future home of the Christian a greater reality. Man shudders at the thought of death, and the grave is wrapped in mystery and gloom. The Bible has a message and Christianity a song for every troubled soul.

Mr. Earnest, choir director, will give an appropriate song-message for each sermon. The membership and public cordially invited.
C. G. HOWARD.

MISS DALMA FRY GIVES
WEEK END HOUSE PARTY

Miss Dalma Fry was hostess to a house party the past week end at her home on 2002 6th avenue. The week end was featured with a number of special entertainments for the guests.

Saturday afternoon the group was favored with a party was favored with a party at Miss Fry's home with Zella Mae Walser, Ione Ball, and Dalma Fry as the hostesses. Guests other than those composing the house party were Lydia Havener, Margaret Shears, Alice Dawes, Mabel Foster, Ruby Jean Barksdale, Mary Louise Anderson, and Mrs. Pat Whittington.

Sunday morning Mary Frances Miller entertained the guests with a breakfast.

Miss Walser was hostess at a dinner given at Cousins Hall Sunday.

Those composing the house party were Misses Iris Ribble, Vera Fry, Ione Ball, Zella Mae Walser, and Mrs. Fred Surratt, formerly Margaret Purvins.

Hill and Jarrett Are In Who's Who In Amer. Education

Volume two of Who's Who in American Education is now off the press and copies have been sent to those of the W. T. faculty whose names are found in this volume. President J. A. Hill and Dean R. P. Jarrett are found listed among the noted educators of America.

The publishers of this collection, Robert C. Cook & Co., term this as a "biography of eminent living educators of the United States." The first volume was published in the fall of 1928 and contained 1400 names. The second volume contains 3700 names. The publishers say that the third volume will probably have 7500 names.

Green Will Speak In Atlantic City at Nat'l Ass'n Soon

Behavior problems is the subject of the address to be delivered by Mrs. Geraldine Green, dean of women, before the National Association of Deans of Women, which meets in Atlantic City, N. J., February 19.

For three consecutive years Mrs. Green has delivered addresses to this body on some phase of the relationships between rules and regulations and discipline problems.

Immediately after the meeting of the National Association of Deans of Women in Atlantic City the superintendent's department of the National Education Association and the American Association of Teachers Colleges are to hold conventions in the same city. Mrs. Green will attend meetings of these two associations before returning to Canyon.

BUFFS TO MEET SUL ROSS IN T.I.A.A. MEET

BUFFS HAVE PLAYED MORE CONFERENCE GAMES THAN OTHER SCHOOLS IN T. I. A. A.

Friday and Saturday, the West Texas Buffaloes will defend their conference standing against the Sul Ross Lobos of Alpine. This will be the 7 and 8 conference games for the Buffs, and to date they have played more conference games than any school in the T. I. A. A.

The Buffs defeated Sul Ross while on their tour, but Coach Burton says that will not count anything, for the Lobos are coming to seek revenge, and according to reports they are considerably stronger than they were three weeks ago. Sul Ross has just sent South Texas Teachers home with the low end of a conference game.

Coach Burton refuses to make any statement as to W. T.'s conference title. All that he will say is that Sul Ross will be here next Friday and Saturday. This week will find the buffaloes going through their hardest workouts in preparation for the Lobos.
